PROFESSIONAL SUMMARY

2026 Computer Science Engineering graduate with hands-on experience in Java, Spring Boot, MySQL, HTML5, CSS3, and JavaScript. Developed web applications and multi-page websites through individual and academic projects. Strong foundation in Object-Oriented Programming, database integration, debugging, problem solving, and software development fundamentals. Seeking a Software Trainee opportunity to apply my technical skills, learn new technologies, and contribute effectively to a development team.

TECHNICAL SKILLS

Programming: Java

Front-End: HTML5, CSS3, JavaScript

Back-End / Framework: Spring Boot, Spring Data JPA

Database: MySQL

Template Engine: Thymeleaf

Tools & Version Control: Git, GitHub

Core Concepts: Object-Oriented Programming (OOP), Debugging, Problem Solving

PROJECTS

Edifice Automation Website Recreation — *Individual Project*

- Recreated a multi-page industrial automation website using HTML5, CSS3, and JavaScript with responsive layouts and consistent navigation.
- Developed interactive features including dropdown navigation, tabs, industry filters, and a client logo slider.
- Built pages for services, industries, partners, careers, and company information using shared CSS.
- Debugged JavaScript/CSS issues and tested layouts across different screen sizes.

Employee Management CRUD Application — *Individual Project*

- Developed a CRUD web application using Java, Spring Boot, Spring Data JPA, Thymeleaf, and MySQL.
- Implemented employee creation, retrieval, update, and deletion with database integration through JPA.
- Created form-based pages and an employee listing interface using Thymeleaf.
- Worked with application configuration, repository-based data access, and debugging.

Number Plate Detection of Vehicles — *Team Project*

- Built a real-time number plate detection system using YOLO, Tesseract, and EasyOCR.
- Supported webcam-based and image-based detection workflows.
- Displayed confidence scores, bounding boxes, and visual overlays.
- Contributed to testing, validation, and performance optimization.

EDUCATION

Bachelor of Engineering (B.E.) in Computer Science Engineering | 2022–2026

Sivaji College of Engineering and Technology, Affiliated to Anna University
